

Sleeping Giants

The Crane Wives

I feel the mountains
I feel the mountains shifting under me
The sleeping giants
Are finally waking, waking finally My pulse is clear, rushing in my ears
I hear something calling me
My pulse is clear, rushing in my ears
I hear something calling me Oohwah-ahh, oohwah-ahh,
Oohwah-ahh, oohwah-ahh-ahh The moon is humming
The moon is humming lovely melodies
The forest echoes
The trees are crowing hungry
Hungry harmonies My pulse is clear, rushing in my ears
I hear something calling me
My pulse is clear, rushing in my ears
I hear something calling me Oohwah-ahh, oohwah-ahh,
Oohwah-ahh, oohwah-ahh-ahh My pulse is clear, rushing in my ears
I hear something calling me
My pulse is clear, rushing in my ears
I hear something calling me
My pulse is clear, rushing in my ears
I hear something calling me
My pulse is clear, rushing in my ears
I hear something calling me Oohwah-ahh, oohwah-ahh,
Oohwah-ahh, oohwah-ahh-ahh
