

Save Me (CORE Ringtone)

Hollywood Undead

Don't even try to save me tonight
Don't even try to save me tonight
Don't even try to save me tonight
 'Cause I don't know
 No I don't know
 But here I go
 Here I go (here I go)
But here I go (but here I go) Love to drug, I'm an addict
 Ditch my heart just to kick the habit
 People might think I'm problematic
 Fuck it I'm alone in a world of static
 Tragic but I stand alone
 With an empty chest it's a dial tone
 And I must confess so pick up the phone
And If there's nothing left, then I'm leaving home
 Living in the shadow of someone else
 Till I took a deep breath and I found myself
 Heard the bang from the ricochet
Maybe I was born just a cast away I'll stay away from
 This pain I came from
 Can't run away from
 What's been said and done
 With all these days gone
 Been fighting so long
I can't break away from it all Don't even try to save me tonight
 Don't even try to save me tonight
 Don't even try to save me tonight
 'Cause I don't know
 No I don't know
 But here I go
 Here I go
 Here I go
 But here I go
But here I go So easy to hang with no one to love
 It's hard to dream when I'm thinking of
 So hard to watch when I'm starting to run
 And now it's all over, overdone
 I'm just a victim with this
 Sickness within, I'm just

A memory faded slowly and only the lonely know me
Stand on top building so
Starting down with the world below
Half way to heaven with no where to go
Can anybody help me there? No I'll stay away from
This pain I came from
Can't run away from
What's been said and done
With all these days gone
Been fighting so long
I can't break away from it all Don't even try to save me tonight
Don't even try to save me tonight
Don't even try to save me tonight
'Cause I don't know
No I don't know Don't even try to save me tonight
Don't even try to save me tonight
Don't even try to save me tonight
'Cause I don't know
No I don't know But here I go
All those times without you out you (but here I go)
All those times without you (but here I go)
All those times without you out you
All those times without you (but here I go) (But here I go)
But here I go
