# You Won't Fall

## Lori Carson

I dont need the surface of things
To tell me
I just know
You can rest easy
Your beauty is clear to me
You wont fall
You wont fallHeat hangs in this room
With pictures on your wall
Of other lives
Do you mourn them all?
Tears fall from your eyes
Like rain, unexpectedly
Dont be afraid, my loveYou wont fall
You wont fallI dont need the surface of things
To tell me
I just know
You can rest easy
One day this un-named fear
Will leave you
Still standing there
