

# Only Over You

## Fleetwood Mac

I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you People think I'm crazy  
But they don't know  
Thought love had failed me  
But now, they're watching it grow Angel, please don't go  
I miss you when you're gone  
They say I'm a silly girl  
But I'm not a fool People say they know me  
But they don't see  
My heart's your future  
Your future is me Angel, please don't go  
I miss you when you're gone  
They say I'm a silly girl  
But I'm not a fool I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you I'm out of my mind  
And it's only over you  
I'm out of my mind  
And it's only over you
