

# Shirley

## L7

Welcome the first lady  
To try and qualify in an A-Dragster  
For NHRA competition  
Shirley Muldowney Feels so real  
Crushing the steering wheel  
How many times, must we toe this line?  
Halting me its, is the fantasy Cha-Cha, call her Cha-Cha  
What's drag racing coming to? How many times must you be told?  
There's nowhere that we don't go  
She's got good records  
I suggest you find a seat in the grandstands  
Because you don't wanna miss this She's just have watched  
What she wants to do?  
I wonder if Shirley's got in her to hold that throttle down  
Kills your joke  
As she's burning out Cha-Cha Muldowney is pulling her ahead  
And she takes the red light  
And you will find  
Crossing the finish line  
Shirley Muldowney has set a new track record Satisfaction!  
(She's got good records) How much times must you be told?  
There's nowhere that we don't go  
She's got good records  
What's a beautiful girl like you  
Doing racing in a place like this? Winning, winning, winning  
The lady got through it  
Winning, winning  
What's drag racing coming to? How many times must you be told?  
There's nowhere that we don't go  
She's got good records  
What's a beautiful girl like you  
Doing racing in a place like this? Winning, winning, winning  
Winning, winning
