

Ghost (Tommy Marcus Last Samba in Paris Mix)

T&T

Verse 1

I miss the way that I was
Alive divine but lost trust
In anything that is living
Stuck in the room which you sleep
Collecting words which you speak
I never wanted to hurt you
I only want you out of here

Chorus 1
Fell down with all that I am
Your life it slips from my hands
Fell down with all that I am
You're on your own

Verse 2

I miss the way that I was
A conscious being because
I fear the day that you know me
I feel you sensing me here
Air thick with worry and fear
I stand in front of the doorway
We're never getting out of here

Chorus 2
Fell down with all that I am
Your life it slips from my hands
Fell down with all that I am
You're on your own.

Fell down with all that I am
Your life it slips from my hands
Fell down with all that I am
You're on your own

Bridge

You're on your own
You're on your own
Chorus 3
Fell down with all that I am
Your life it slips from my hands
Fell down with all that I am
You're on your own
You're on your own
You're on your own
