Band of Merrymakers

I wanna wake up in a snow globe
Shake the silent out of your night
Wanna dance around in my bathrobe
Unwrap your love by the fire
Even wonderlands of fun
Are better with a loved one
Don't mean a thing without you
My wish list this xmas
Is your lips on mine
Cant help it I'm selfish
But I'm all yours
This Christmas nightFa la la la
Your on my wish list!
Fa la la la
Your on my wish list!Can't wait for you to come over
Wanna drift away in Yuletide
I want cozy up on the sofa
Let me be your naughty and nice
A million of toys on the sleigh
But I'd give em all awayCause it's no holiday without you
My wish list this xmas
Is your lips on mine oh
Cant help it I'm selfish
But I'm all yours
This Christmas nightFa la la la
Your on my wish list!
Fa la la la
Your on my wish list!It's all silver and gold
Sweet chills in my bones
