

Reddi Wip

Chris Brown

[Verse 1]

Baby you gotta be tripping, put that booty away
Gone, I be sipping, got a bottle on the way
I stay on my pimping, diamonds jumping out the vase
Tell 'em get out the way, nigga you can catch a fade
I'm tryna see, remind me, remind me yeah
She work the tsunami, can't lie to me yeah
She ride like Ducatti, she got me yeah
Rev it all night and I don't really care[Pre-Hook]
If you go, I be sipping all alone
Cause you got the kinda body make a papi want some more
Alright, dim the lights, let me hit you with that spice
I ain't playing with you, want you to know

[Hook]

Girl you got that redden whip
Redden whip, redden whip, aw yeah
I just wanna take it there, in you baby
Redden whip, aw yeah
Redden whip, I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, redden whip
I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, redden whip[Verse 2]
Yeah, girl what you doing tonight?
I'm under this Sprite, that means that I'm on you
Yeah yeah, gripping your ass on the side
Look in my eyes, you know what you gon' do
Say what you say, make all 'em faces, make all 'em faces
Do it your way, do it your way yeah, aw
All of these hours keep passing by
No I don't really care
[Pre-Hook]
If you go, I be sipping all alone
Cause you got the kinda body make a papi want some more
Alright, dim the lights, let me hit you with that spice
I ain't playing with you, want you to know[Hook]

Girl you got that redden whip
Redden whip, redden whip, aw yeah
I just wanna take it there, in you baby
Redden whip, aw yeah

Reddi whip, I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, reddy whip
I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, reddy whip[Bridge]
Yeah, girl I'm gon' leave your ass early
Put whipped cream on your thighs, making cinnamon off you
Yeah, girl you too sweet, I ain't lying
And I thought my life was just fine until I found you
Cake on my face, I want a taste, girl let me taste
I won't say shit, you know I won't say shit
All of these hours keep passing by
No I don't really care if you know, I ain't playing girl I wanna lick you up and down
Ah yeah, hit the lights, let me hit you with that spice, I ain't playing, girl I want you to know[Hook]
Girl you got that reddy whip
Reddi whip, reddy whip, aw yeah
I just wanna take it there, in you baby
Reddi whip, aw yeah
Reddi whip, I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, reddy whip
I'm ready, I'm ready oh
I'm ready, I'm ready, I'm ready, reddy whip
