

# Looking for Something

## Era

Looking for something  
Something new  
Something good  
Something fast  
Something exciting

Looking for something  
Something won  
Something real  
something strong  
Something exciting

Looking for something  
Something won  
Something good  
Something strong  
Something exciting

Looking for something  
I wanna share something  
I wanna feel  
Something won  
Something real  
Something exciting...
