

# We're My Otp

[Troye Sivan](#)

Valentines day is creeping up on me  
Still staring at you on my computer screen  
Writing a fanfic in the middle of the night cause  
This will bring us closer right?  
You've never met them the peasant cried  
Shut the fuck up bitch do you want to die?  
And I've told you before are you deaf  
I've fallen in love with a gifOtp, we're my otp

Baby you and me

We'd be so sexy oh

Otp, we're my otp

Baby you and me

We'd be so sexy ohBieber Fever , One Direction Infection

Whatever floats your boat

What's your addiction

You tumblr you make it so much worse

You make me feel the feels right where it hurts

I love you always I love you 5eva

I love you as much as I love nutella

AlmostOtp, we're my otp

Baby you and me

We'd be so sexy oh x4(spoken) No literally the only thing that's stopping us from getting married is the fact that  
we haven't 'met yet'
