Breathe In Me

Abundant Life Church

Mercy, in Your tender mercy
Look on me, look on me
Frailty, even in my frailty
Welcome me, welcome me
Father this my invocation
That You would come and meet me once again
Breathe in me, breath of God
Mend in me this wounded heart
That I may know You've made Your peace with me
Breathe in me
Burden, take away this burden
Set me free, set me free
Calling, I heard You calling
Out for me, You shout for me
Father this my invocation
That You would come and meet me once again
And I know that You will hear my pleading
And You will find me ever once again

Breathe in me, breath of God
Mend in me this wounded heart
That I may know You've made Your peace with me
Breathe in me
Empty, empty
Fill me, Father fill me
Empty, I am empty
Won't You fill me once again?
Breathe in me, breath of God
Mend in me this wounded heart
That I may know You've made Your peace
That I may know You've made Your peace
That I may know You've made Your peace with me
Breathe in me
Grateful, I'm forever grateful
