

Overemphasizing

Big Wreck

There once was a man
Our age
He's all for himself
On stage
It turns a page All through this time
He's outgrown
'Cause he'll go through life alone
Don't answer the phone Overemphasizing
The time we spend
On stuff that you lend
Overemphasizing
All the lights you gave
I forgot to save Not long ago
We moved
Still much was left
To prove
I was removed Overemphasizing
(mmm) The love we made
I forgot to save
Overemphasizing
All the lights you gave
I forgot to save There once a man
Our age
He's all for himself
On stage
