

Daydream

Smashing Pumpkins

My daydream seems as one inside of you
Though it seems hard to reach through this life
Your blue and hopeless life My daydream screams bitter 'til the end
The love I share, true, selfish to the heart
My heart, my sacred heart My daydream dream
My daydream
My daydream dream
My daydream I'm going crazy
I'm going crazy
I don't want feelings
Your feelings
