

Nova Baby (3:27)

The Black Keys

You walk around in other towns
I've seen you out, just hangin' 'round
It's what you chose and I suppose
You'll need me one day, need me one day You throw away every other dream
Taking nova baby to the dollar machine
That party dress is such a mess
You'll need me one day, need me one day soon! All your enemies
Smile when you fall
You take it cause you
Don't know what you want
You don't know what you want. All this love of mine
All my precious time
You waste it cause you?
Don't know what you want?
You don't know what you want There go the kids, the have-nots
Elevator ladies in the parking lots
You saw it all and I recall
The dream you told me, dream you told me. This empty heart, you left me with
The ribbon on my parting gift
I'm falling hard for every yard
Of the dream you sold me, dream you sold me, oh! All your enemies
Smile when your fall
You take it cause you
Don't know what you want
You don't know what you want All this love of mine
All my precious time
You waste it cause you
Don't know what you want
You don't know what you want
