

No Return

Uriah Heep

I'm at the point of no return
I'm watching the candle burn
Both ends
There's a lesson we
Both can learn - this time
So if you wanna make my day
There's something
You've gotta say
Now please don't laugh
And turn away - this time
I don't wanna make a fuss
But this is the time for us
And I ain't gonna miss the buss
This time
No return
So there'll be no turning back
Once I know that
You'll be by my side
No return
Maybe you'll give me all the love
That you always felt
You had to hide
No return
I've come a thousand miles
Across the ocean
But that ain't half
As far as my emotion
Now I've reached
The point of no return
While on my way down the avenue
I had to stop for a drink or two
Or three
Now not that I was stalling you
For time
It's just I wanted to feel my best
And I almost passed the test
I need your lovin' to do the rest
This time No return - so please don't ever do
What you've done

So many times before
No return
Because I've made up my mind
That this time I'll make it
Thru' your door
No return - I rode above the clouds
So far below me
But didn't get as high as
When you hold me
Now I've reached
The point of no return I'm at the point of no return
I'm watching the candle burn
Both ends
There's a lesson we
Both can learn - this time
I don't wanna make a fuss
But this is the time for us
And I ain't gonna miss the buss
This time No return
So there'll be no turning back
Once I know that
You'll be by my side
No return
Maybe you'll give me all the love
You always felt you had to hide
No return - I rode above the clouds
So far below me
But didn't get as high as
When you hold me
Now I've reached
The point of no return No return - so please don't ever do
What you've done
So many times before
No return
Because I've made up my mind
That this time I'll make it
Thru' your door
No return
I've come a thousand miles
Across the ocean
But that ain't half
As far as my emotion
Now I've reached
The point of no return
