Gun Fury

The Damned

I do expect you might have heard
Through state research, an old jailbird
About the guys, the gun fury riot forces
A warning sounds, they're dressed to kill
They're out of bounds, we've had our fill
Who dares resist the gun fury riot forces
Chorus:
They're glad to be your friend
They hate the public they defend
They call the shots from start to end
Shots from start to end
A handbag man, he makes a snatch
In riot cops, he's met his match
He lies dead before, the gun fury riot forces
A warning sounds, they're dressed to kill
They're out of bounds, we've had our fill
Who dares resist the gun fury riot forces?
They're glad to be your friend
They hate the public they defend
They call the shots from start to end
