

# Mr. Thompson

## Distorted Penguins

Dearest Mr. Thompson won't you sign us to your label  
We've got some poppy songs we think you ought to hear  
I think we'd work good together making records selling even more  
Sign us we'll make money for you please? We've been writing songs and playing them and people like it  
Bars and Clubs and Parties on the weekends  
Me and all the guys have made some records but they're staticky  
I think that you'd make better ones then we can So, Almo Sounds, please act now  
We'll hold out for you  
You're, sure to win, if you sign us in  
What else is there to do? I say no to Mojo, nay to MCA  
Take a trip Atlantic :. Right on out of here  
Exclusively yours  
Yes to Almo Sounds We don't want to get real jobs we just want to play music  
And tour to the north, east, south and the west  
Even if we're not big stars I think we'll make a living  
And I won't settle for anything less Yes to Almo Sounds
