

Nuns Have No Fun

Mercyful Fate

Upon a cross a nun will be hanged
She will be raped by an evil man
Knock spikes through her hands

Things won't come she won't understand You're a nun you haven't had no fun

Living your life as virgin queen
I'm gonna change it and I'll get it done

Tomorrow you won't be a virgin queen C.U.N.T. that's what you are, you're C.U.N.T. yeah

I get it up, I get it up in the dark
I make her feel, I'm not a holy man
Faster breathing, she's like a shark

She wants more, I'm gonna give her my cross Nuns have no fun, they just have their fathers and sons

But I'll give them hell, I never fail

Nuns have no fun, they just have their fathers and sons
But I'll give them hell, I never fail I get it up, I get it up in the dark
I make her feel I'm not a holy man
Faster breathing, she's like a shark
She wants more, I'm gonna give her my cross
C.U.N.T. that's what you are, you're C.U.N.T. yeah
