

Dirty Beating Heart (Remastered)

Luxuria

I copy love really badly
More often than not
All too little I've wanted
An awful lot
So I keep blowing you up
You keep coming apart
It's this dirty big, dirty great
Dirty beating heart Dirty beating heart
I love my love for you
Dirty beating heart
String me along
Dirty beating heart
You are like naked cable
You're stale, unstable
Dirty beating heart
My carousel I'm on the trail of vapours
Down a fancy colonnade
Where ghosts of stories parade
Accept this wanton homage
I love my love for you
I am falling off a mountain without a view Dirty beating heart
I love my love for you
Dirty beating heart
String me along
Dirty beating heart
You are like naked cable
You're stale, unstable
Dirty beating heart
My carousel Dirty beating heart
I really need to carry on
Dirty beating heart
I know all too well Dirty beating heart
Wanton homage
It's given gladly
You copy love so badly
Dirty beating heart
How you string me along Dirty beating heart
My dirty beating heart
Love my dirty beating dirty beating

Dirty beating dirty beating heart
