life without buildings

Life Without Buildings

I'm walking young and strong
But just a little too thin
I may be happy,
But I don't have a clue to this life
In my mind

Stay with me
We could learn to fight
Like every good boy should
Cling to me
We are blacked-out
In visions of China tonight

I'm building heroes again
I never thought of before
I remember the fashion
But don't have a clue
To this life
In my mind

Stay with me
We could learn to fight
Like every good boy should
Cling to me
We are blacked-out
In visions of China tonight

We walk backwards, say nothing
My visions of China
We're young and strong in this party
We're building/ living our visions of China
