Under My Feet

Celldweller

Advisory - the following lyrics contain explicit language:

So this is how it feels to suffer?
And I had too much to say
But it's over now
And I'm going down
Alone, aloneI've no guarantees
I'll recognize my disease
Before my time has gone
It's all I've found
Can't get the hell off the ground
Out from under my feetPromises and wishes all mean nothing
When it's me that I'm speaking to
Wanting something
Won't mean I will see it throughI don't need to see these visions to remind me
That I'm dying from the inside out
Wanting you here
It still means I must do withoutI can't criticize your reasons for living
When I'm the one missing them
Wanting, dreaming
That I may find where they come fromFind where they come from
Where they come fromI dream you
And I want to
Be near youI can't get up out from under my feetI've tried to
But can't get it through
I need to
God is all I've found
Can't get the hell off the ground
Out from under my feetSo this is how it feels, you sucker
And you've had too much to say
But it's over now
You're finally going down
Alone, alone
