

Shine

Hannah Georgas

Can't wait to be yours tonight.

Chours

Shine

Is there a place for me?

Shine

Is there a place for me?

In your arms? I'm just a piece of mind

Can't wait to be yours tonight

Keep me warm from the cold outside

I'll be yours, if you just say you'll be mine*Chours*

Shine

Is there a place for me?

Shine

Is there a place for me?

In your arms?
