

# Dead Meat

## Judas Priest

The hangman's noose won't get me  
Gas chambers never stress me  
They line me up against the wall No firing squad will make me  
Confess or even break me  
I'll stand alone or not at all I will not obey  
I will not betray  
I will not give in  
Not while I'm living No surrender  
We never will surrender We are all dead meat  
Cut us, watch us bleed No shackles made will chain me  
No endless pain will change me  
The scars will testify this all No solitary confinement  
Will break my strong resignation  
I'll die before I will conform I will not obey  
I will not betray  
I will not give in  
Not while I'm living No surrender  
There'll never be surrender We are all dead meat  
Cut us, watch us bleed Read in my obituary  
Defiance breeds victory No cage they make can hold me  
No law enforced controls me  
No trap that's sprung stops me for long No prison cell contains me  
No snare they set will claim me  
Relentlessly I'll fight them all I will not obey  
I will not betray  
I will not give in  
Not while I'm living No surrender  
We never will  
Be driven asunder  
No surrender  
We never will  
Raise the white flag We are all dead meat  
Cut us, watch us bleed  
We are all dead meat  
Cut us, watch us bleed Indoctrination  
Will never  
Suppress me  
They're seriously mistaken 'Cause I'll take them  
Down with me

And just before they're finished  
They'll scream  
Along with me  
We are all dead meat
