

Home for the Holidays

[Matt Belsante](#)

It's here, the time of year, we get to celebrate
All together once again and it doesn't matter
How far wherever we are, we always find a way
To all the family and the friends I'm gonna be home for the holidays
To the place I know it's my heart and soul
I'm coming home and I can't wait
Yeah, I'm gonna be home for the holidays Yeah, my hometown, my friend's around
It's what I really missed, yeah
And all the good times that we shared And even though I know I've been gone
For way too long, coming back is the best, um
I'm getting close, I'm almost there I'm gonna be home for the holidays
To the place I know it's my heart and soul
I'm coming home and I can't wait]
Yeah, I'm gonna be home for the holidays To the place That I remember always and forever
In my heart we can celebrate
From November to December Yes, I'm gonna be home, I'm gonna be
Yeah, I'm gonna be home for the year
Yea, I'm gonna be home
I'm gonna be there soon as I'm gonna be home for the holidays
To the place I know, it's my heart and soul
I'm coming home and I can't wait
Yeah, I'm gonna be home for the holidays I'm gonna be home for the holidays
Just where I belong and I've been gone too long
I'm coming home and I can't wait
Yeah, I'm gonna be home for the holidays Yeah, I'm gonna be
I'm gonna be
Yea, I'm gonna be home for the holidays
