

Slow Life

Grizzly Bear

I think I know what's on your mind
A couple words, a great divide
Waiting in the wings, a small respite
Crowding up the foreground from behindEven though you're the only one I see
It's the last catastrophe
Place your bets on chance and apathyTake anything you want, it's fine
Keep up the slow life for the night
Don't take it back, I'll just deny
This constant noise all the timeEven though you're the only one I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of meEven though you're the only one I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of meEven though you're the only one I see
