

Creep Into My Brain

Doro Pesch

Laying low on money
And I'm on the run
Don't know anybody
I can lean on No help in sight no
And no one gets the phone
I call for help
And no one knows what's going on Chorus:
And I keep on running
'Cause eye to eye
I feel your influence
And I fear I'm gonna die
And I've seen it coming lie by lie
I feel you creep into my brain
And I'm hypnotised
Feel like I'm hypnotised When I met my lover
I must have been blind
I went straight to the gutter
And I don't mind Yeah it took a long time
To open up my eyes
But in the long run
All I heard were only lies Chorus: Eye to eye
Lie by lie
Feel like hypnotised
