[Intro:]

wake up in the mornin' with my better half  
on a boat lift the covers, then i pet her ass  
never know when i gotta go, cause my life is impossible  
the way i live it, the good things never last  
so i live for the minute, just wanna start ta begin it  
when i wake up again I'm on stage rockin'  
twenty thousand people they yellin' feedin' at my ego  
when it's over the groupies they wanna know what's poppin'

[Verse 1:]

Double O N9na  
known for dippin'  
from place to place  
i gotta decate the mission  
gotta get the money, but what do you know  
i wake up in a movie theater with my little ones on a big one  
hollywood movie with the jackass cats  
i close my eyes  
i open' em and I'm back at rap  
in the studio collabin' killin' whack ass crap  
but then in a blink i wake up, and i pack that strap  
in the club, cause some other niggas want my head  
i don't know to much about' em, but they want my red  
i ain't trippin' don't wanna let the killers in blue start me  
wake up again, I'm at dj clue party  
with diddy and jim jones  
jewell and rick ross  
cafe trey songs, and drake this is boss  
amazin' life's hella crazy livin' like I'm a quatro triple double agent

[Chorus:]

Double O N9na  
where I'm about ta go i don't even know  
Double O N9na  
in a place where almost anything goes  
Double O N9na  
many roads when I travel this what i chose  
Double O N9na

the way I'm livin' I really got to many roads

[Verse 2:]

me i alotta women, but didn't need me  
wake up trying ta hide it, but sin seize me  
over seas nigga tryin' ta begin freaky  
wake up at the awards of MTV-u  
then i stash up a tour, wake up in back of ma zou  
i get ta mackin' a few  
after the yack i take' em to the sack, and i screw  
scat then back to the lab i got some rappin' ta do  
then i wake up again I'm on stage at pay due  
this characteristic is made to slay crews  
some try to get at me to battle, but they lose  
then I'm waking up with my kids on a paid cruise  
they callin' me daddy  
wake up at the strip club they callin' me daddy  
man I'm goin' hella baddy  
amazin' life's hella crazy livin' like I'm a quatro triple double agent

[Chorus:]

Double O N9na  
where I'm about ta go i don't even know  
Double O N9na  
in a place where almost anything goes  
Double O N9na  
many roads when I travel this what i chose  
Double O N9na  
the way I'm livin' I really got to many roads

[Verse 3:]

at any rate I'm all over the place  
music ain't big enough father, and the mode that i made  
got me feelin' moon stricken, but need remain calm  
livin' like I'm out of a scene from James Bond  
switch it, change it, feel it, strange it  
livin' multiple lives, rappin', and gang bangin'  
freakin' all over the world, middle west swangin'  
always on the move ain't never time for hangin'  
slip with my shit, my grip don't fold  
pick the fly chicks, and ditch those hoes  
kiss from my bitch, my kids get dough  
rippin' my scripts, i hits this road  
Double O N9na nigga, i loves this grind  
doin' alotta good, and mud this time

dippin' all over the planet tellin' the bitches the name is N9ne...

Tech N9ne
