

Butterflies (Remix)

[Marsha Ambrosius](#)

Butterflies yeah
Butterflies
You give butterflies
You give butterflies inside
(You give me butterflies inside yeah)
You give butterflies inside
You give butterflies inside yeah yeah
All you got to do is just walk away and pass me by
Don't acknowledge my smile when I try to say hello to you
All you got to do is not answer my call
When I am trying to get through
Keep me wondering why
And all I can do is sigh
I just want to touch you
(I just want your touch and kisses)
I wish that I could be with you tonight
You give me, 'cause you give me butterflies
Inside baby
All I gotta say is that I must be dreaming
Can't be real
You're not here with me
See but I can feel you near to me baby
I confess to let you taste us just so blissful listen
I will give you anything, just make my dreams come true
Oh baby you give me butterflies
I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside
I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside
(Baby break it down, break it down now)
If you will take my hand baby I will show you the way, guide you to the light babe
If you will be my love, baby I will love you till the end of time
I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies
I just want your touch and kisses
I wish that I could be with you tonight

You give me butterflies inside
I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside
