

La La La La La

[Marsha Ambrosius](#)

When there are no more words to say
My skin feels good up against you
You touching me in places I forgot existed in me
I felt you and I melted, and it was unexpected, baby
How do you know me so well?
You knew just what to do when you laid your hands on me baby
You love me like forever,
Baby we just go together
It happens every time I'm in your arms
Seems like I'm putting everything on pause
I've started to believe your love is all I want
You're all I ever need
Give me your la, la, la, la la la la, la la la la la
Do do da doo
Do do da doo
Your lips, I wanna kiss you
Like there's no tomorrow, like the world is ending
I just want to be with you baby,
Myself I wanna give you baby, baby
It's because you know me so well
You knew just what to say, you whispered in my ear a promise
To love me like forever, baby
Mmm baby we just go together, baby
It happens every time I'm in your arms
Seems like I'm putting everything on pause
I've started to believe your love is all I want
You're all I ever need
Give me your la, la, la, la la la la, la la la la la
Do do da doo
Do do da doo
It feels so good to me baby, so good to me baby
Your love, your love
Your love, your love
It happens every time I'm in your arms
Seems like I'm putting everything on pause
I've started to believe your love is all I want
You're all I ever need
Give me your la, la, la, la la la la, la la la la la
I love you babe, you know I need your love
