Space

Nylo

Broken hearted
People only say their prayers
When they're underwater
Maybe if I'd ask for help
I wouldn't be compromising
When I'm in need
No I wouldn't feel so lonely
When you're with me
You say you need space
So here
I can do whatever you need
Oh space, I see
There's nothing I could do to keep you here
Maybe it's space from me
Maybe it's space we need
To keep my heart on, when yours is off
Oh in a minute I'll be planning our wedding, you know it
I'm such a sucker for a million dollar words and you sold it hard
You got me wrapped round your finger
Keeping my heart on, when yours is off
You say you need space
So here
I can do whatever you need
Oh space, I see
There's nothing I could do to keep you here
Maybe it's space from me
Maybe it's space we need
To keep my heart on, when yours is off
A rose will wither quick
If kept inside of a vase
Plant a seed to grow
The rose returns for years
I will water you
I will water you
I will water you
A rose will wither quick
If kept inside of a vase
Plant a seed to grow
The rose returns for years

I will water you
I will water you
I will water you
To keep my heart on, when yours is off
To keep my heart on, when yours is off
To keep my heart on, when yours is off
To keep my heart on, when yours is off
