

# Paradise of Sin (Luc Van Acker Remix)

## Die Krupps

In-a-gadda-da-vida baby  
God is dead he lost the battle  
the devil rules over life and death  
feel his power, feel his wrathhell - this is the paradise of sin  
fail - and you will suffer in pain  
nail - that son of disaster  
sell - your soul to the master in the garden of evil, baby  
the bible's title is helter skelter  
take a ride on this rollercoaster  
live for sin and die faster wake - your evil twin  
live - your wildest dream  
let - the demons in  
let - the madness begin
