Welcome To The End

Celldweller

(welcome home... lets hide away... before they see...i need so much... to be alone with you... i do ... i do...)
"welcome home" she said to me,
so much to be alone with you, i do, i do (i do, i do)"
"come with me" (come with me) she took my hand, "please try to help me understand"
so pointless when my heart has
turned to stone, i know, i know...
i wish i didnt need you now,

and i wish i didnt need you now,
and i wish i didnt need you now,
i need you now , i need you now...
"i wish we could" she whispered near,
"go someplace far away from here." (go someplace...far away from here)
while hoping, that small voice would disappear ...
that said "welcome, to the end..."
