

# Crushing the Despised (Gallery of Suicide Demo)

## Cannibal Corpse

Screwdriver repeatedly lands in his face  
Gouges and hacks at the man of disgrace  
Tearing off muscles from the bones of his chest  
Rending his flesh with rage I've been blessed Chopped off the tongue that told the lies  
I spit on him and laugh while he dies  
Lying there helpless I throw brick at your head  
Starving for violence and now I've been fed His blood drips from my mouth  
I bit his larynx out  
Biting off fingers when he tried to push me back His blood drips from my mouth  
I bit his larynx out  
Biting off fingers when he tried to push me back  
Chopping at his face in hate, I gouge and hack Crushing the despised Under my boot I hear your bones crack  
So many things that you want to take back  
I won't forget and I won't forgive  
Not so long as I allow you to live Chopped off the tongue that told the lies  
I spit on him and laugh while he dies  
Lying there helpless I throw brick at your head  
Starving for violence and now I've been fed His blood drips from my mouth  
I bit his larynx out  
Biting off fingers when he tried to push me back His blood drips from my mouth  
I bit his larynx out  
Biting off fingers when he tried to push me back  
Chopping at his face in hate, I gouge and hack Crushing the despised
