Something Wrong Somewhere

McCarthy

Saw into my sorry state
There was something wrong somewhere
Spoke to me when it was late
Now I can't show my face anywhereSomething wrong
Something wrong somewhere
Something wrong
Something wrong somewhereThe wrong people playing the chords
There was something wrong somewhere
The capital prisons and the House of Lords
Now I can't show my face anywhere
Something wrong
Something wrong somewhere
Something wrong
Something wrong somewhereWith paper burns and sighs and groans
There was something wrong somewhere
Never ever spoke to anyone
Now I can't show my face anywhere
Something wrong
Something wrong somewhere
Something wrong
Something wrong somewhere
