

One Thing

Housefires

This one thing I ask
This one thing I seek
To dwell within your house
Everyday of my life This one thing I ask
This only do I seek
To gaze upon your beauty
In this holy place You are the one thing
You are the one thing that I need
You are the one thing
You are the one thing that I need This one thing I ask
This one thing I seek
To dwell within your house
Everyday of my life
This one thing I ask
This only do I seek
To gaze upon your beauty
In this holy place You are the one thing
You are the one thing that I need
You are the one thing
You are the one thing that I need You are the one thing
You are the one thing that I need
You are the one thing
You are the one thing that I need Oh ooo oh ooooo
Oh ooo oh ooooo
Oh ooo oh ooooo
Oh ooo oh ooooo
You give me eyes to see
Eyes to see you
You give me ears to hear
Ears to hear you
You give me a heart to know
Heart to know you
I want to know you more
I want to know you more You give me eyes to see
Eyes to see you
You give me ears to hear
Ears to hear you
You give me a heart to know
Heart to know you

I want to know you more
I want to know you more You give me eyes to see
Eyes to see you
You give me ears to hear
Ears to hear you
You give me a heart to know
Heart to know you
I want to know you more
I want to know you more You are the one thing
You are the one thing that I need
You are the one thing
You are the one thing that I need Oh ooo oh ooooo
Oh ooo oh ooooo
Oh ooo oh ooooo
Oh ooo oh ooooo Oh ooo I want to know you
Oh ooo I want to know you
Oh ooo I want to know you
Oh ooo I want to know you
