Rip It Up

Family Force 5

[Verse 1:]I saw you strut
Into the room
My heart started pumpin'
When you broke out them moves
Your heels dug in
Straight through the floor
You're a machine, baby
Seek and destroy
[Pre Chorus 1:]She must be crazy
She's got that feeling
Look out now she's a psycho killer
[Chorus 1:]The dance floor is shredded to pieces
The way you rip it up has got my heart rate increasin'
The dance floor is obliterated
The way you tear it up has got my soul liberated

[Chorus 2:]Rip it up
Rip it up
Don't stop until it's torn up
Tear it up
Tear it up
It's just the fate of the dance floor
[Verse 2:]She cuts a rug
Just like a razor
Then burns it down
Like an incinerator
She's a slayer
And it don't phase her
She's from the future
She's a terminator
[Pre Chorus 2:]Just like a chainsaw
Her teeth cut in
Watch out now here she goes again
