

# Without a Kiss

## Disbelief

the pain...  
why have you left? why was it you? my life for yours!  
without a kiss I miss your glance, your smile, your scent, your hands, your eyes  
without a kiss why have you left? why was it you?  
my life for yours - for you  
without a kiss so many ways, but only one is destined for me  
without a kiss
