

# (I'll Grab You By the) Neck of the Woods

## We Are the Ocean

I'm so scared  
There's no need to live in fear  
'Cause we're never far from what we know  
We're never far from what we know  
There's no need to live in fear  
Because we're never far from what we know  
We're never far from what we know

Tonight the trees are alive  
But I'm just trying to survive  
But I can feel them creeping up on me  
Well, I take familiar strides  
But don't seem to get as far  
But I'm trying hard, I'm trying hard

There's no need to live in fear  
Because we're never far from what we know  
We're never far from what we know  
There's no need to live in fear  
Because the lights will show us where to go  
The lights will show us where to go

Well, I never thought that this could hurt so much  
Well, I never thought that this could hurt so much  
Well, I never thought, I never thought, I never thought  
Well, I never thought that this could hurt so much

There's no need to live in fear  
Because we're never far from what we know  
We're never far from what we know  
There's no need to live in fear  
Because we're never far from what we know  
We're never far from what we know
