

# My Heart's To Blame

## Falling In Reverse

Walk away from all the pain  
Found the peace with it again  
And after all I've seen  
And everything in between  
My heart's the one to blame  
My heart's to blame So where do we all go from here  
It's time to say goodbye you're on your own  
And this is where I disappear  
So turning back is what I hate the most  
It doesn't matter anyways  
I guess there's nothing left to say  
So where do we all go from here  
It's time to say goodbye your on your own I ran away from my mistakes  
Crashed and burned and in okay  
The most important thing  
Learning what it all will bring  
My hearts the one to blame
