## Tonanni

You used to treat me so bad  
But now I rock the house  
Now its time for you to scream my name out loud  
I was so N.E.R.D  
Now baby Im a star  
Cant compare my limo with your tiny car  
Fame and fortune, drinks and parties, see my life has changed  
Im so sorry baby I see your life remains the same  
Stop pretending you care  
I know you really dont  
If you ask me to forget the past I wont  
But if you really want it give me you pen  
And I will tell you that  
If you want my autograph  
Better cut the act  
Cause you know, that Im a star star  
Now you want a piece of me  
Why dont you call Britney? Anyway  
Go get in line to get my autograph  
You say you have the money  
But that is all you got  
Im sexy, hot, whatever, everything youre not  
Okay, Im done with talking  
Ive got a show to do  
And that means that I wont spend my time with you  
But if you really want it give me you pen,  
And I will tell you that  
If you want my autograph  
Better cut the act  
Cause you know, that Im a star star  
Now you want a piece of me  
Why dont you call Britney? Anyway  
If you want my autograph  
That youll never get  
Cant you see, that Im a star star  
Ive had enough of it  
Youre just a piece of shhhh! Anyway  
Go get in line to get my autograph
