Just So You Know

Kandi

I just grow weaker as the days go by
I cry so much but there's no reason to wipe my eyes
Way down deep inside my mind
I still deny that I must say goodbye
To the one I thought would always be mineNow I believe that what we give comes back to us in time
And I believe that if you search for long enough you'll find
What you always know to be the truth was right
Before your eyes and so if I, if I have to let you goDarling, just as long as you know
(Know)
Wherever you go
(Wherever you go)
If there's a road that leads you back my way
I'll be at the end of that road
Just so you know, I'm, I'm gonna be thereThere's just no easy way to prepare for something like this
'Cause you never know just what you'll do until the moment exists
See, I tried to tell my heart to just behave
My lips wanna beg you to stay but it'll be okay
If I can just convince my arms to let you goI don't know how I'll ever get over this
'Cause there's this chance that you might find somebody else
I'm hoping the odds are all against it
But if you do and it's not what you want in your heart
If it's tearing you apart, you need to come on back hereDarling, just as long as you know
(As long as you know)
Wherever you go
(Wherever you go)
If there's a road that leads you back my way
I'll be at the end of that road
Just so you know, I'm, I'm gonna be thereJust a few years ago I was told
The best way to keep something precious
Set it free and love will span the distanceAnd if you ever find yourself at the lonesome road
You just turn around, I will be right there
I'll be waiting for you, my love will always be thereDarling, just as long as you know
Wherever you go
(Wherever you go)
If there's a road that leads you back my way
I'll be at the end of that road
(I'll be, the road, the road, the road)
Just so you know, I'm, I'm gonna be there
(Just so you know, I'm, I'm gonna be there)Darling, just as long as you know

Wherever you go
(Wherever you go)
If there's a road that leads you back to me
(If there's a road that leads you back to me, yeah)
I'll be at the end of that road
(Just so you know)
Just so you know, I'm, I'm gonna be there
(I'm, I'm, I'm gonna be there)Darling, just as long as you know
Wherever you go, if there's a road
