When It Comes To Love

Big Bad Voodoo Daddy

I'm just a small town guy with a handful of dreams
My future seems bright or that's how it seems
When it comes to love I'm in need of advice
I'm in need of adviceI've got it all figured out I've got the world on a string
But baby there's really only one thing
When it comes to love I'm in need of advice
I'm in need of advice, that's right nowBut when I look to the sky
I nearly die thinking about how it should be
But that's just me
And I'll always be alone with my miseryIt's like a long, cold walk on a winter beach
Love is a game you cannot teach when it comes to love
I'm in love with you and I need some advice
'Cause I'm in love with you and I need some advice, yeahBut when I look to the sky
I nearly die thinking about how it should be
But that's just me
And I'll always be alone with my miseryIt's like a long, cold walk on a winter beach
Love is a game you cannot teach when it comes to love
I'm in love with you and I need some advice
Yes I'm in love with you and I need some advice, yeah
All right boys help me out now, come onWell I'm in love with you and I need some advice
Yes I'm in love with you and I need some advice
