

If You Need Somebody

Bonnie Raitt

I hate to see you bumming
But boy, I saw it coming
That girl just wasn't meant for you
I see you going through 'em
And nothing I can do, and
I could kick myself for not telling you
The way I feel about you, held back so long
If you need somebody
To be the one to see you through
If you want somebody
Who knows you just the way I do
If you're tired of searching, baby
And your heart's about to run aground
You only got to turn around
'Cause I've been waiting
Never could have guessed it
Best friends since we were kids
But now I lose it every time that you're near
With every new dead end
It's getting harder to pretend
When I know all you need is standing right here
The way I feel about you, held back so long
If you need somebody
To be the one to see you through
If you want somebody
To understand you like I do
If you're tired of searching, baby
And your heart's about to run aground
Only got to turn around
And when you're all alone
And your heart keeps saying
You just can't take it
Just take a look around
And you just might find
I'm a chance worth taking
The way I feel about you, a love so strong
If you need somebody
To be the one to see you through
If you want somebody
To understand you like I do
If you're tired of searching, baby
Your heart's about to run aground
Only got to turn around
'Cause I've been waiting
Waiting, baby
Ooh, I been waiting on you
