

# Somewhere On A Beach

[Dierks Bentley](#)

Bet you think I'm sitting at home, no  
Bet you think that I'm all alone, no  
Bet you think I'm missing you and wishing you would call my phone  
Hell, no I went wheels up on a runway  
And that ticket was a long way  
I'm somewhere on a beach  
Sipping something strong  
Got a new girl, she got it going on  
We drink all day, and party all night  
I'm way too gone to have you on my mind  
Well, she got a body and she's naughty  
And she got me like you ain't never got me  
I'm getting sun, getting sun, and I ain't slept in a week  
Yeah, I'm somewhere on a beach Heard you called my boys  
Heard you called my folks  
They said you drove by my house real slow  
You can check any spot, roll down every road  
But girl, I ain't even close  
I'm somewhere on a beach  
Sipping something strong,  
Got a new girl, she got it going on  
We drink all day, and party all night  
I'm way too gone to have you on my mind  
Well, she got a body and she's naughty  
And she got me like you ain't never got me  
I'm getting sun, getting sun, and I ain't slept in a week  
Yeah, I'm somewhere on a beach I wish it could've worked out  
But I'm gettin' over you now  
On a beach towel  
With my shades on  
My drink's up  
And the sun's out  
Huh, I'm somewhere on a beach
