

# Can't Say Go

Taio Cruz

Sometimes when we fight  
I think maybe I  
Should just let you leave and push you out of my life  
I don't decide  
Cos I know that I, just can't survive without you

And I know inside I'll never let you go cos I'm sure you're the one even through the rain its clear that you're  
the one I want  
And know matter how we fuss and fight girl you should always no  
I just can't stop loving you

That's why I can't say go (x9)  
I said that's why I can't say go

Now baby I've tried, to tell you goodbye one look from your eyes  
And those dumb thoughts say goodbye  
It's foolish to try but I know that I, I just can't survive without you

And I know inside I'll never let you go cos I'm sure you're the one even through the rain its clear that you're  
the one I want  
And no matter how we fuss and fight girl you should always know  
I just can't stop loving you

That's why I can't say go (x9)

To see through the night, you are my light  
So even when we fight I know its gon' be alright  
You have my soul I'm jus letting you know

That's why I can't say go (x9)  
I said that's why I can't say go
