The Tractor Song by BLIPPI

Tractors, o tractors
They're so much fun
Tractors, o tractors
They get the job done
Tractors work all day
Tractors work all night
Gotta bale that hay
Gotta bale it tight
They can be different colors
Green red or blue (or yellow, or purple)
I wish I could drive one (I wish I could too)
Tractors, o tractors
They're so much fun
Tractors, o tractors
They get the job done
They have great big tires
So they don't slip and slide
They have great big engines
And this what they sound like
If you're ever on a farm
Maybe ask to take a ride
With the farmer and his tractor
You're gonna have a great time
O tractors, o tractors
They're so much fun
Tractors, o tractors
They get the job done.

THANK YOU.....MARAMING SALAMAT HAHAHA
