Sold as Seen

I Am Kloot

You know the place where faces fit
I've heard they've got a name for it
Lets go back to the sandy shores
The velvet skies are ours once more
We're fake, for real
Our minds are steel
Our eyes are green
We're sold as seen
I heard you joined the main parade
A hero dressed in ticker-tape
And go if all the worlds a trick
I'll take the sky and measure it
So leave your favourite photograph
The only thing you had that lasts
And go back to the sandy shores
The velvet skies are ours once moreThere all for real
There is no deal
They're sold as seenYou know the place where faces fit
I've heard they've got a name for it
Lets go back to the sandy shores
The velvet skies are yours once moreYou're fake, for real
Your minds are steel
Your eyes are green
You're sold as seen
Sold as seenWe're fake, for real
Our minds are steel
Our eyes are green
We're sold as seen
Sold as seen
