

# His n' Hers

## Some Girls

You and me  
Fall asleep  
At the wheel  
Where are we going anyway  
We may as well stop here  
Cause I'm barely breathing anyway  
Hey, we won't be coming home today  
So we stole breaths  
Locked our lips  
Slipped fucking tongues  
And gave our  
"I love you with all our heart's"  
Who's gonna miss us anyway
