

Frozen (Rock Radio Edit)

Orianthi

You got my heart in a freeze
A hundred minus degrees
I'm standing here in the dark
But you ain't looking for me
You got my heart in a freeze And I knew from the start
Felt a chill in my heart
Nothing good come from this
But I couldn't resist Now your cold, cold hands
Got me so, so damned
And your bitterness
Leaves me frozen, frozen Like a soul vampire
Boy you bled me dry
Clinging to this life
But I'm frozen, frozen Yeah I hope you find what you need
Someone to cure your disease
Got me so sick of your games
Always playing with me
I hope you find what you need But don't be too surprised
When I'm haunting your mind
I'm the hurt in your kiss
I'm the frost on your lips Now your cold, cold hands
Got me so, so damned
And your bitterness
Leaves me frozen, frozen Like a soul vampire
Boy you bled me dry
Clinging to this life
But I'm frozen, frozen Yeah And I knew from the start
Felt a chill in my heart
Nothing good come from this
But I couldn't resist No, No, No Now your cold, cold hands
Got me so, so damned
And your bitterness
Leaves me frozen, frozen Like a soul vampire
Boy you bled me dry
Clinging to this life
But I'm frozen, frozen Yeah
