Happy Now

Alex Gibson

Itâ€™s been a long time
Itâ€™s been a special time
And now you and I
Are together

And here we stand
Hand in hand
The sun and the sea
The surround me

After all these years
of loneliness
I am finally
Lying next to you
After all these yearsof emptiness
I am finally standing next to you

Sweeping up down
Weâ€™re jumping around
Weâ€™ve been inside out
Weâ€™ve been down on the ground
Cause weâ€™re happy now
Weâ€™re happy now (X2)

I could just keep smiling
Keep smiling
All day

I could just keep smiling
Keep smiling
All day

After all these years
of loneliness
I am finally
Standing next to you
